1 For periods before December 31, 2010, pro forma the prudential treatment of the CCIs as risk-weighted assets (370% of equity method value), based on published data.
Impact of new Basel III rules on core tier one ratio

Assumptions are for illustration purposes only. The final impact will depend on final content of the Basel III rules and how they are applied in Europe and in France, and on changes in Natixis' balance sheet to 2018.

Common Equity Tier 1 ratio expected above 8% on January 1, 2013

(1) Bloomberg consensus dated February 2, 2011 of reported net profit for 2011 and 2012. This consensus is neither validated nor verified by Natixis, but is used purely for indicative purposes. Dividend pay-out ratio of 50% of distributable income, with share payment option (50% in shares and 50% in cash for the illustration)
Re-financing and liquidity

- Natixis’ medium- and long-term financing is primarily ensured by BPCE

- MLT refinancing of BPCE Group in 2011: €33bn, of which 8.6 bn€ already raised at Feb. 15, 2011, i.e. 26% of the total requirement for 2011

- Liquidity: plan to pool the operating cash of BPCE and Natixis

- Optimization of flows within BPCE Group

Financing structure of BPCE in 2010

- Bond issues placed in BP and CE networks
- Covered Bonds
- Contractual secured bond issue
- Unsecured bond issues
- Other MLT resources

- Public issues to retail networks clients
- Public issues to institutional investors
- Private placement to institutional investors
Road Map for 2011

- Improving the profitability of Natixis in a context of strict RWA monitoring

- CIB: continue client-driven revenue increase, develop Asian platform and improve Basel III product efficiency

- Investment Solutions: focus on multi-boutique strategy, strengthen distribution in Europe and Asia, develop synergies with retail networks in insurance and private banking

- SFS: integrate acquisitions, intensify synergies with BPCE retail networks, (roll-out consumer finance and sureties in Banques Populaires network)
