

Natixis' General Shareholders' Meeting

Where and when?

Natixis' General Shareholders' Meeting will be held on Tuesday, **May 28, 2019 at 3:00 p.m., at Palais Brongniart** 25, Place de la Bourse, 75002 Paris which is easily accessible by public transportation*.

Shareholders' registration and access to the Meeting will begin at 1:30 p.m. We recommended you check in at least thirty minutes before the meeting begins.

Who attends the Shareholders' Meeting?

Any Natixis shareholder may attend.

The Meeting will be chaired by Laurent Mignon as Chairman of Natixis' Board of Directors.

Natixis' Chief Executive Officer, François Riahi, as well as Natixis' directors and senior executives will be present. They will be available to answer questions from shareholders.

May I take part in the Shareholders' Meeting?

Any shareholder may attend the Meeting in person, be represented by his/her spouse, another shareholder or by any natural or legal person of his/her choice or vote by post.

To attend the Meeting, shareholders must prove ownership of their shares as at the second business day prior to the Meeting, i.e. on May 24, 2019 (00:00 Paris time).

Besides:

- bearer shareholders must submit:
- an admission card delivered on request by CACEIS Corporate Trust – Service des Assemblées Générales** and sent to their financial intermediary or, failing which
- a shareholding certificate delivered directly by their financial intermediary as proof of their shareholder status on D-2, i.e. May 24, 2019 (00:00 Paris time);
- registered shareholders may attend without completing any specific formalities, but it is recommended, for their convenience, that they fill out and return the admission card which was sent to them by CACEIS Corporate Trust**.

Note: bearer shareholders are those who hold their securities through their financial intermediary (Banque Populaire or Caisse d'Epargne bank, for instance).

=> Please note that there is no **automatic registration** to the Meeting. To attend and vote under optimal conditions shareholders should inform as soon as possible, i.e. from April, their financial intermediary (bank) that they plan to attend the Meeting.

How to vote at the Shareholders' Meeting?

A shareholder who wishes to vote but cannot attend the Meeting may use a postal or proxy voting form, or may vote via Internet so as to:

- vote on each resolution,
- appoint the Chairman of the Meeting as proxy
- give proxy to any natural or legal person of his/her choice, or
- appoint or revoke a new proxy.

Shareholders who wish to attend the Shareholders' Meeting in person may use a vote by post form or a vote by proxy form or may vote by Internet in order to:

- request an admittance card.

Each shareholder who attends the Meeting will be receiving an electronic voting device to be used during the Meeting.

The voting by post or by proxy form

This form will automatically be sent to all registered shareholders who did not opt for the reconvening.

Bearer shareholders will have to contact their financial intermediary with which their shares are registered in order to obtain the document. The financial intermediary will then contact CACEIS Corporate Trust**. All requests for such forms must be lodged or received at Natixis' head office no later than May 23, 2019. The voting form should be returned duly filled out by the shareholder no later than May 25, 2019.

Voting via Internet

In a view to facilitate shareholders' voting at its Shareholders Meetings, Natixis offers you the possibility to vote by Internet prior to the next Shareholders' Meeting, via the VOTACCESS platform which will be open from **May 07, 2019 at 10:00 to May 27, 2019 at 15:00, Paris time.**

This platform offers you the same possibilities as the postal voting form, i.e. you may:

- require an admittance card;
- vote for each resolution;
- give proxy to the Shareholders' Meeting Chairman;
- give proxy to any person of your choice;
- revoke and appoint a new proxy.

You are advised not to wait until the deadline (May 27, 2019 15:00, Paris time) to enter your voting instructions, so as to avoid possible overloading of the platform.
